

Enzyme Magic[®] Pot and Pan Detergent

Enzyme Magic[®] Pot and Pan Detergent contains a proprietary blend of enzymes and surfactants which break down dirt, oils, grease and other organic material leaving pots, pans, glassware, dishes and utensils clean and streak free.

Enzyme Magic[®] Pot and Pan Detergent can be used on pots, pans, glassware, dishes and utensils.

RECOMMENDED USES:

- Food processing
- Schools
- Restaurants

ADVANTAGES:

- Powerful - doesn't push grease and dirt around like soap and water, but enzymes work to destroy the soils
- Deodorizes - by destroying the organic matter causing the odor. Does not mask odor
- Biodegradable
- Fresh lemon scent

TECHNICAL DATA:

- pH neutral & non-toxic
- 100 % biodegradable
- Non-flammable
- Non-caustic
- Contains no harsh chemicals

PACKAGING:

- 1 Gallon
